Led by a team of experts and backed by an engaged community of technology enthusiasts and tastemakers, Android Central navigates the competitive — and often confusing — world of technology! Android Central is one of the oldest and most trusted Android sites on the web, and our writers and editors are true professionals who value accuracy and editorial independence in everything we do, never receiving compensation for coverage and never pulling punches. Android Central provides in-depth buyers guides you can trust, for Android phones, tablets, smart home devices, the Android OS and wider Google ecosystem, and everything in between, as well as detailed help and how-to guides readers can trust. Meet the Android Central Staff: Jeremy Johnson, Editor-in-Chief. Source: Android Central (Image credit: Source: Android Central) Jeremy Johnson came to the tech field later than most, but he has been obsessed with gadgets for years. He was born and raised in central Texas, went to graduate school in Washington D.C., and now lives in Austin with his wife, two kids, and two cats. He's addicted to travel and the outdoors and loves hiking wherever he goes, so long as he has a taco in one hand and an Android phone in the other. Shruti Shekar, Managing Editor. Source: Android Central (Image credit: Source: Android Central) Shruti Shekar is Android Central's senior technology and telecom reporter and also the second Canadian on the team. She was born in India, brought up in Singapore, but now lives in Toronto and couldn't be happier. She started her journalism career as a political reporter in Ottawa, Canada's capital, and then made her foray into tech journalism at MobileSyrup and most recently at Yahoo Finance Canada. When work isn't on her mind, she loves working out, reading thrillers, watching the Raptors, and planning what she's going to eat the next day. Brendan Griffiths, eCommerce Content Director. Source: Brendan Griffiths (Image credit: Source: Brendan Griffiths) Brendan oversees content strategy for our buying guides and deal pages here at Android Central and also iMore and Windows Central. He's a former freelance games journalist, then the first-ever Deals Editor for TechRadar, and then the Managing Editor of eCommerce & Hardware at GamesRadar before joining us. When he's not rummaging through online sales or trying to appease the Google algorithm you'll find him bingeing boxsets and Game Pass titles, testing PS5 SSDs, and trying to decide which phone he loves more between the Fold 3, Flip 3, and Note 20 Ultra. Michael Hicks, Senior Editor — AR/VR. Source: Android Central (Image credit: Source: Android Central) Michael is a former ebook dev turned tech writer whose career arc took him from VR to wearables, emerging tech to mobile, before arriving at the world of Android. Outside of work he loves sports teams that disappoint him (Go Sharks, A's and Golden Bears!), D&D and Star Wars RPG campaigns, SFF novels, long runs, gaming on consoles and PC, and baking. During work, he'll do his best to make sure he doesn't recommend any product unless he'd regularly use it himself. Jerry Hildenbrand, Senior Editor — Google Ecosystem. Source: Android Central (Image credit: Source: Android Central) Jerry Hildenbrand is a Linux Professional, aging hippie, and recovering engineer who would always rather be fishing. While not fishing, he's the editor in charge of touching things until they break, trying to figure stuff

out, and the consummate Android expert. Jerry thinks the black jelly beans are better and wears sneakers he bought and raised in South Florida. Jerry now resides in the mountains of West Virginia.Read: Jerry's articlesTwitter: @gbhlEmail: jerry.hildenbrand@futurenet.comHarish Jonnalagadda, Senior Editor — AsiaSource: Android Central (Image credit: Source: Android Central)Harish Jonnalagadda tries to make sense of the befudding maze that is the Asian smartphone industry. Before switching to phones, he used to write about PC hardware, covering motherboards and video cards. When he's not playing with the latest phones, he's either reading on his Kindle or trying to clear his backlog of games on Steam. He can also be found shouting at the TV over the weekends at Arsenal and McLaren's continued woes.Derrek Lee, News EditorSource: Android Central (Image credit: Source: Android Central)Derrek resides on the Best Coast, originally from San Diego, and now living in Seattle. He's a long-time mobile tech enthusiast, starting with an obsession with Nokia that began at the age of 12. Since then, he's been lovingly known by most of his friends as the "Phone Guy." When he's not talking tech, he's either working out, hiking, playing video games (Playstation), or making videos.Andrew Myrick, Senior Editor — Chromebooks and TabletsSource: Android Central (Image credit: Source: Android Central)Andrew is a contributor with Android Central and is ready and willing to talk about all things Ravens, Caps, Orioles, UFC, and whatever new tech is being released at the time. Andrew drinks way too much coffee, but it's what keeps the motor going on a daily basis. You can find him lurking on Twitter from time to time, but usually, he's just rewatching Star Wars for the umpteenth time, even if it's just on in the background.Read: Andrew's articlesTwitter: @andymyrickInstagram: @gingerbeard42Nick Sutrich, Senior Content Producer — SmartphonesSource: Android Central (Image credit: Source: Android Central)Nick started with DOS and NES and uses those fond memories of floppy disks and cartridges to fuel his opinions on modern tech. Whether it's VR, smart home gadgets, or something else that beeps and boops, he's been writing about it since 2011.Read: Nick's articlesTwitter: @gwanatuChris Wedel, Senior Editor — Smart HomeSource: Android Central (Image credit: Source: Android Central)Chris Wedel is a fan of all things tech and gadgets. Living in rural Kansas with his wife and two young boys makes finding ways to get and stay online tricky. By utilizing his years of experience with the tech and mobile communications industries — success is assured. When not conquering connectivity challenges and testing new gadgets, Chris enjoys cruising a gravel road in his UTV with some good tunes.Read: Chris's articlesTwitter: @chris_wedelAndroid Central ContributorsTshaka Armstrong, ContributorSource: Tshaka Armstrong (Image credit: Source: Tshaka Armstrong)Tshaka Armstrong is a nerd. Co-Founder of the non-profit digital literacy organization, Digital Shepherds, he's also been a broadcast technology reporter, writer, and producer. In addition to being an award-winning broadcast storyteller, he's also covered tech online and in print for everything from paintball gear technology, to parenting gadgets, film industry tech for Rotten Tomatoes, and general consumer technology. He blathers on about his many curiosities on his own site, tshakaexplainsitall.com.Watch: Tshaka's videosTwitter: @tshakaarmstrongInstagram: @tshakaarmstrongJay Bonggolto, ContributorSource: Jay Bonggolto (Image credit: Source: Jay Bonggolto)Jay Bonggolto is a freelance news writer for Android Central. A Philippine-based tech journalist, he has been writing about consumer technology for the past six years and has been using various Android phones since falling in love with Jelly Bean. When he's not writing, he spends a bit of time in the great outdoors stealing scenes with his phone camera.Read: Jay's articlesTwitter: @JayBonggoltoInstagram: @bonggoltoJayTed Kritsonis, ContributorSource: Ted Kritsonis (Image credit: Source: Ted Kritsonis)Ted is a contributor with Android Central and because of that, consistently has earbuds and headphones plugging his ears. He keeps tabs on all kinds of new tech coming out, and keeps a camera or smartphone handy to snap some shots when the opportunity presents itself. When he's not playing pool, reading comics, or smoking a cigar, he may be taking in a sporting or world event and possibly tweeting about it.Read: Ted's articlesTwitter: @byTeddyKNamerah Saud FatmiSource: Namerah Saud FatmiSource: Namerah Saud Fatmi (Image credit: Source: Namerah Saud Fatmi)Namerah Saud Fatmi is a freelance writer for Android Central. She has a passion for all things tech & gaming and has been an honorary Goodreads librarian since 2011. He has been analyzing and writing about the ever-changing world of technology since 2013. Apart from that, Rajat is also obsessed with wrist-worn timepieces, and appreciates a Casio just as much (perhaps even more) as a Jaeger-LeCoultre.Read: Rajat's articlesTwitter: @theRajatsharmaInstagram: @sharmarajatSamuel Tolbert, Contributor(Image credit: Sam Tolbert / Future)Samuel Tolbert is a freelance write at Android Central.
